

FAMILY FRAGMENTS

PREAMBLE: My interest in genealogy began late 1999. Over the years, a good deal of my findings were published on www.pelteret.co.za/genealogy. In October 2012, I decided to move on and explore other interests.

However, the correspondence relating to prior publications did not stop. Between 2011 - 2020 over 230 persons have been in touch, either providing information complementing that published earlier or seeking specific information. A good deal of the correspondence represented considerable work and decided research acumen on the part of the correspondent.

I have been prevailed upon to publish particularly worthwhile material as an addendum to my original publications. These are they.

FAMILY NAME: MOLL

I refer to the 4 articles published on the MOLL family. I am also doing research on the MOLL family.

In the four articles you made frequent references to documents from the Archive. May I ask for copies of the documents mentioned? They are:

1. Cornelis Moll E 6/9/11 No 2459

My mother was Albertina MOLL (1906-1994) from Frankfort in the Free Sate. I worked on the family for the sake of my grandchildren, but then realised the medical (and other achievements) of the MOLL family and decided to work on the larger family. They sound like a special group. I came across a number of medics in the other branches of the family. Currently 20 registered at the HPCSA.

Can you let me have the contact detail of the UCT classmate in Vancouver? Alternative, please send him my e-mail and if he is interested, he can please contact me.

I can send you what I have accumulated, if you are interested. It is in Afrikaans.
